

Course Schedule - Fall 2005

Communications

577 *Philosophy of Technology* Credit: 4 hours.

(COMM 477) Introduces students to those thinkers who understand technology philosophically as a central component in modern culture. Examines major perspectives on the nature of technology, rooted in Norbert Weiner, Karl Marx, and Martin Heidegger. Links media technologies, information systems, and global communications background problems and basic issues to technology more generally. Develops instrumentalism, feminist and critical approaches, ethical concerns, alternative technologies in the context of technology as a cultural activity.
