

Course Schedule - Spring 2006

Agricultural Education

250 **Observation and Program Analysis** Credit: 2 hours.

Early field experience in agricultural education, including observation and analysis activities in public schools, extension programs, or other selected settings; participation in clinical field experience activities; examination of educational program development and operation, teaching and learning processes, contextual factors in learning, evaluation of student learning; and professionalism. Approximately 45 hours of early field experience will be acquired. Off-campus observation begins the first week of January. Agricultural education programs in both school and non-school settings are examined. Prerequisite: AGED 220.

CRN	Type	Section	Time	Days	Location	Instructor
29883	lecture-discussion	A	06:00 PM - 07:50 PM	R	room 242 Bevier Hall	Ball, A

260 **Intro to Leadership Studies** Credit: 3 hours.

Study of leadership theories and their application to the development of leadership skills. Students develop a personal philosophy of leadership, prepare a development plan for enhancing leadership skills, and begin a portfolio to record their leadership growth.
