## Curriculum and Instruction

### 260 ***Serving Child in Schools/Comm*** Credit: 2 hours.

This service learning course is designed for students interested in working with children (defined as birth through high school), careers serving children, and/or parenthood. Three main topics implied by the title will be explored through reading, writing, and discussion: (1) The concept of "Serving" - an examination of what service means, as well as the kinds of service and satisfaction of service involving children. In this course, service includes not only volunteer service opportunities, but also careers related to serving children; (2) "Children" - a brief look at child development and a deeper analysis of social issues facing American children today; (3) "Schools and Communities" - an overview of institutions serving children, including families, schools, and community agencies. A minimum of two hours per week of approved community service related to children is a requirement of the course. Opportunities for service projects will be available in cooperation with the Office of Volunteer Programs. Students will be given an orientation to working with children in their service assignments.
